Welcome to IPEDS
the primary source for data on colleges, universities, and technical and vocational postsecondary institutions in the United States

COLLEGE Navigator
Start a college search here. Find institutions, compare them side-by-side, print and save the results, and more.

IPEDS DATA CENTER
Start data analysis here. Compare institutional data, create reports, download data files, and more. From the Data Center you can also access other IPEDS tools such as the IPEDS Trend Generator and IPEDS Table Library.

IPEDS TABLES LIBRARY
Find tables here. View and download national and state level data tables on enrollments, graduation rates, institutional prices, student financial aid, faculty and staff, and more.

IPEDS RESOURCES
Look for answers here. Browse archived survey forms, frequently asked questions, information on changes in race/ethnicity reporting, and more.

DATA TOOLS

State Education Data Profiles

Search for statewide information in elementary/secondary education, postsecondary education and selected demographics for all states in the U.S. using a variety of NCES data sources.
[Visit State Education Data Profiles](#)

NAEP State Comparisons

Search and list states and jurisdictions according to average scale scores of students overall and average scale scores of selected student groups (e.g., male and female students, White students, Black students, Hispanic students) for a specific year. It also orders states and jurisdictions by differences between groups of students and/or years (changes), and by changes in differences.
[Visit NAEP State Comparisons](#)

School District Mapping and Demographics

Use this website to see maps of school districts of interest. School district geographic and demographic data useful for describing and analyzing characteristics of school districts, children, and K-12 education is also available.
[Visit School District Mapping and Demographics](#)

Census 2000 School District Profiles

Obtain a demographic profile for public school districts derived from the 2000 Census. You may also prepare a comparative profile showing demographic characteristics of one school district compared to another school district.

State Education Data Profiles

Search for statewide information in elementary/secondary education characteristics and finance, postsecondary education, public libraries, assessments, and selected demographics for all states.

Use the dropdown box or the map of the United States to select up to 4 states to compare. You will also get data on U.S. averages and the ability to graph the results.

Select multiple states by either holding down the CTRL button down while selecting a state name in the dropdown box, or by clicking up to 4 state names on the map. Click the search button to get your results.
