

Call For Session Proposals

This year's annual PASFAA conference will be held virtually October 25-27, 2021. It was our hope that we would be able to be together, but we want to ensure the safety of all our members during this challenging time.

The Conference Committee has begun the planning process and invites members to submit session proposals **by June 1, 2021**. We encourage you to help make this conference a valuable experience by sharing with your colleagues your best practices, perspectives, and knowledge.

Submit your proposals, questions, or suggestions via email to pasfaaconference@gmail.com

We are so excited to see the contribution you will make to our great organization.

All the Best,

Margaret Barton and Brian J. Beighley
2021 Conference Committee
