

“PRIOR-PRIOR”

(Sung to David Bowie’s “Rebel Rebel”)

You’ve got your counselor in a state
She’s not sure if your aid’s ready or late
Hey Aid, (my) bill’s out of sight
Hey Aid, just get it right
You help us but we want it all
You like loanin’ but we want it free
We love aid when they’re givin’ grants
We want more and we want it now
Aid keeps us down, they’re always right
We need more, my bill’s out of sight

Prior, prior what a big mess
Prior, prior, nothing but stress
Prior, prior what do they know?
Oh Lord, I dread this so

You’ve got your counselor in a state
She’s not sure if your aid’s ready or late

Hey Aid, (my) bill's out of sight
Hey Aid, just get it right
You help us but we want it all
You like loanin' but we want it free
We love aid when they're givin' grants
We want more and we want it now
Aid keep us down, they're always right
We need more, my bill's out of sight

Prior, prior what a big mess
Prior, prior, nothing but stress
Prior, prior what do they know?
Oh Lord, I dread this so

Prior, prior what a big mess
Prior, prior, nothing but stress
Prior, prior what do they know?
Oh Lord, I dread this so

You've filed FAF SA, your aid's still a mess
You need more money and you demand the rest
You've got your Pell Grant and you're still short

You got your state grant and a few other funds
You wanna be there when they pass out the checks

And we hate this stress
You're a counselor's distress
Because your aid's still a mess

(Prior, prior)

What do students know?
We cry, please let us go!

(Prior, prior)

So who you gonna blame?
Fi-nan-cial aid's job, job, jo-ob!

(Prior, prior)

What they gonna do?
What do they need from you? Looks like your aid's not right

'Cause you're in distress
And your aid is a mess
Ohh your aid's still a mess

(Prior, prior)

Ohh, ohh so how did we know?
Eh, eh how did we know?

(Prior, prior)
