

# **“WE DO STUDENT AID”**

By Matthew Stokan

We do student aid  
We've got all the money you need  
We do student aid  
If you need more money just plead

(CHORUS x2)

Students think they're aid professors  
Cause they file on line  
(WHY?) but we're more like aid confessors  
In an audit bind  
(ALL!) All of the students around us they whine  
Where is there more dough?  
Just let us state for the record  
We're giving funds that our boss don't know

(CHORUS x2)

Doing aid is fun under the gun  
Though Pell is slight  
(HIGH!) high hopes we have for the future  
Cause we won that fight  
(YES) paperwork has us stressed  
It's why we plop on a bar stool  
Have faith in us and the work we do  
If you don't like it  
Pay for your own damn school.

(REPEAT CHORUS TO FADE)
