

Student Loans from Main Street *Not Wall Street*

“It is very hard to get all the funds needed for college through the federal programs. iHELP has a great program that is fast and easy, plus they have great customer service.”

- DeAnna Hauge, Mother of College Student

“I was shocked at the rate we wound up getting. The process was genuinely very easy and I’m really happy with the new loan. I hope that in the future we can try to qualify for a better rate, and we’ll be using iHELP again.”

- Rebecca Brink, Refinance Loan Customer
