

Parking Information, Muhlenberg College Thursday, March 14th

Below is a campus map showing the location of Seegers Union (bldg. #1, circled in red). The parking lots located nearby are highlighted in yellow. PASFAA Spring Training EAST will be during Muhlenberg's spring break, which means most students will have vacated campus. There should be plenty of parking. Attendees should focus first on the South/Robertson Lot (next to Robertson Hall, #17 on the map, also circled in red), as that is the largest parking lot closest to Seegers Union. However, attendees can utilize any of the highlighted lots, any of the spaces along Front Drive (semi-circle road running through the northern campus) or street parking surrounding the northern campus.
